Cookie Policy V3.3

Introduction

C. C. Contracting Ltd ("we" or "us" or "our") may use cookies, web beacons, tracking pixels, and other tracking technologies when you visit our website (apps.cccontracting.co.uk), including any other media form, media channel, application, mobile website, or mobile application related or connected thereto (collectively, the "Site") to help customise the Site and improve your experience.

We reserve the right to make changes to this Cookie Policy at any time and for any reason. We will alert you about any changes by updating the date of this Cookie Policy. Any changes or modifications will be effective immediately upon posting the updated Cookie Policy on the Site, and you waive the right to receive specific notice of each such change or modification.

You are encouraged to periodically review this Cookie Policy to stay informed of updates. You will be deemed to have been made aware of, will be subject to, and will be deemed to have accepted the changes in any revised Cookie Policy by your continued use of the Site after the date on which such revised Cookie Policy is posted.

Use of Cookies

A "cookie" is a string of information that we store on your computer. We may use cookies on the Site to, among other things, keep track of login activity, record your user preferences, keep you logged into the Site, and track the pages you visit. Cookies help us to understand how the Site is being used and improve your user experience.

Types of Cookies

The following types of cookies may be used when you visit the Site:

Our Cookies

Our cookies are "first-party cookies", and can be either permanent or temporary. These are necessary cookies, without which the Site won't work properly or be able to provide certain features and functionalities. Some of these may be manually disabled in your browser, but may affect the functionality of the Site.

Security Cookies

Security cookies help to identify and prevent security risks. We use these cookies to authenticate users and protect user data from unauthorised parties.

Site Management Cookies

Site management cookies are used to maintain your identity or session on the Site so that you are not logged off unexpectedly, and any information you enter can be retained from page to page.

Control of Cookies

Most browsers are set to accept cookies by default. However, you can remove or reject cookies in your browser's settings. Please be aware that such action could affect the availability and functionality of the Site.

For more information on how to control cookies, check your browser or device's settings.

Other Tracking Technologies

In addition to cookies, we may use web beacons, pixel tags, and other tracking technologies on the Site to help customise the Site and improve your experience. A "web beacon" or "pixel tag" is a tiny object or image embedded in a web page or email. They may be used to track the number of users who have visited particular pages and viewed emails, and to acquire other statistical data. They collect only a limited set of data, such as a cookie number, time and date of page or email view, and a description of the page or email on which they reside. Web beacons and pixel tags cannot be declined; however, you can limit their use by controlling the cookies that interact with them.

Data Protection & Privacy Policy

For more information about how we use data, please refer to our Data Protection & Privacy Policy posted on the Site. By using the Site, you agree to be bound by this Cookie Policy and our Data Protection & Privacy Policy.

If you have any questions or comments about this Cookie Policy, please contact us at office@cccontracting.co.uk.

Signed:

Peter Child
Managing Director
